

Robert Wood Johnson University Hospital is a 600 bed nationally distinguished academic medical center. It has consistently been ranked as one of America's Best Hospital by U.S. News and World Report. It serves as the principal teaching hospital for UMDNJ--Robert Wood Johnson Medical School and the Ernest Mario School of Pharmacy, Rutgers, The State University of New Jersey. RWJUH is also home to one of the area's only Level 1 Trauma Centers. RWJUH combines world class research and innovative treatments with the highest level of patient care through its Centers of Excellence, which include:

- The Bristol-Myers Squibb Children's Hospital
- The Cancer Center of Excellence
- The Cardiovascular Center of Excellence

In addition to the Specialized Residency in Drug Information, the hospital offers two Pharmacy Practice Residencies (PGY-1) and a Specialized Residency in Emergency Medicine (PGY-2).

Drug Information Service is a collaborative effort of Robert Wood Johnson University Hospital and Rutgers University Ernest Mario School of Pharmacy.

PRIMARY PRECEPTOR OF THE RESIDENCY

Evelyn R. Hermes-DeSantis, Pharm.D., BCPS. Clinical Professor, Department of Pharmacy Practice and Administration, Director, Drug Information Center. Area of focus: Drug-Induced Diseases, Pharmacy and Therapeutics Committee Activities, Alternative Medicine, and Literature Evaluation.

Piscataway, NJ 08854

RUTGERS
Ernest Mario School
of Pharmacy

*Specialized Residency in
Drug Information*

PROGRAM GOALS:

The primary goal of the program is to offer advanced training in drug information practice with an emphasis on the following areas:

1. Information retrieval, evaluation, and application of evidence based medicine principles.
2. Development and enhancement of written and oral communication skills.
3. Development and enhancement of teaching skills through didactic and experiential teaching of Doctor of Pharmacy students.
4. Development and enhancement of administrative and organizational skills.
5. Development of research skills.

TRAINING SITE:

The primary training site is the Drug Information Service, located at Robert Wood Johnson University Hospital. The Drug Information Service was founded in 1989 to serve the health care professionals of the State of New Jersey. The Service currently responds to approximately 1,000 requests annually.

Two elective rotations are available on a rounding clinical service, industry-based drug information, investigational drug, poison control services, or other sites based on the residence interest and availability. Unique off-site rotations have included UHC, USP, and the FDA.

A Residency Teaching Certificate Program is also available through the Ernest Mario School of Pharmacy, Rutgers, The State University of New Jersey.

RESPONSIBILITIES:

Though certain responsibilities of the resident are required, the program has the flexibility to develop activities consistent with the resident's background and career goals. In general, the resident responsibilities include:

1. Provision of Drug Information Service through processing drug information.
2. Assisting in the coordination of administrative activities of the Drug Information Service.
3. Participation in the activities of the Pharmacy and Therapeutics Committee through development and presentation of formulary monographs, participation in decisions pertaining to drug therapy, pharmaco-economic analyses, and formulary management.
4. Participation in the hospital's adverse drug reaction reporting program, drug utilization evaluation program, and medication errors reporting program.
5. Preparing and presenting lectures in the Essentials of Drug Information and Medical Writing courses, and other courses at the Ernest Mario School of Pharmacy.
6. Supervising pharmacy students on the Drug Information clerkship and on site visits.
7. Attending and presenting continuing education at Robert Wood Johnson University Hospital for the pharmacy staff.
8. Writing and editing of Drug Information Service publications and website.
9. Completion of a project related to the provision of drug information service.
10. Complete an article for publication in an appropriate pharmacy journal.

QUALIFICATIONS:

Applicants should hold a Pharm.D. degree, be licensed (or eligible for licensure) in New Jersey, and possess good communication and interpersonal skills. A PGY-1 residency is recommended but not required. The position is available beginning July 1, for a 12 month appointment.

APPLICATION:

Inquiries should be sent to:
Evelyn R. Hermes De Santis, Pharm.D., BCPS
Department of Pharmacy
Robert Wood Johnson University Hospital
One Robert Wood Johnson Place
New Brunswick, NJ 08903
Telephone 732-937-8842
E-mail ehermesd@rci.rutgers.edu or
Evelyn.hermes@rwjuh.edu

Applicants are required to submit a letter of intent and three letters of reference to the above address. The application deadline is January 9. Onsite interviews will be scheduled at that time.

BENEFITS:

Residents receive a comprehensive benefits package from Rutgers, The State University of New Jersey, including health care. Financial support is provided for residents to attend the ASHP Midyear Clinical Meeting and the Eastern States Residency Conference.

STAFFING:

Residents are required to staff in the hospital pharmacy satellites three out of every nine weekends and holiday commitment.
