*For this academic year, we will consider and support of preceptors' decisions in allowing students 4 days for the ASHP meeting that will take place in Anaheim, CA. Some students may need the extended time to present posters/publications. Therefore, cycle 6 rotation will end based on a determined date set by the faculty or adjunct preceptor after a personal discussion takes place and is agreed upon by the faculty/adjunct preceptor and the student. Faculty and preceptors will determine the number of hours considered to be interchangeable and appropriate with rotation hours.
