

## ABOUT US

Capital Health is the region's leader in advanced medicine, comprised of two hospitals (Capital Health Regional Medical Center in Trenton and Capital Health Medical Center – Hopewell), Capital Health – Hamilton outpatient facility, and Satellite Emergency Department at Capital Health – Mercer.

Capital Health is a growing healthcare organization that is accredited by The Joint Commission and is a recipient of the prestigious Magnet recognition three consecutive times for quality patient care. Capital Health is also the only area hospital included in the 2012-13 US News & World Report Best Hospital ranking and named one of the nation's Top Performers on Key Quality Measures™ by The Joint Commission.

Applications can be submitted through ASHP's online PHORCAS system

## SERVICES PROVIDED

Capital Health's Pharmacy Department provides services to Regional Medical Center in Trenton, Capital Health Medical Center – Hopewell, and satellite Emergency Department at Capital Health – Mercer 24 hours a day, 7 days a week. Integrated computer systems and automated dispensing technology are available hospital-wide. The Pharmacy Department is actively involved in protocol development and implementation, drug information, continuing education seminars, Code Blue participation, and preceptorship of students from multiple schools of pharmacy.

## PROGRAM GOALS

The intent of the ASHP accredited program is to provide residents with a core foundation of evidence-based, patient-centered medication management.

Upon completion of the program, the resident will have gained the confidence to practice as an independent practitioner in a variety of specialized and general areas of medicine.
