

FALL 2021 GUIDANCE

In light of Governor Murphy's executive order in June the original policy for Fall 2021 has been removed. Courses may now eliminate the 100 student limit for face to face (in-person) sections and return classroom capacities to their pre-pandemic levels. The information below reflects the status of courses as of July 23, 2021.

The University has instructed us to plan for a traditional in-person/on-campus experience for Spring 2022.

Specific Courses

P3 Courses – Required

31:720:540 Endocrine And Reproductive Pharmacotherapy - course will meet online and will be a mix of synchronous and asynchronous lectures.

31:720:541 Gastrointestinal, Hepatic And Nutritional Pharmacotherapy - course will meet online and will be a mix of synchronous and asynchronous lectures.

31:720:542 Oncology Pharmacotherapy - course will meet online and will be a mix of synchronous and asynchronous lectures.

31:725:504 Leadership Entrepren. Self-assessment Professionalism Seminar V – this course will meet online and will be synchronous.

31:725:534 Integrated Pharmacotherapy Assessment Skills Series IV – this course will have a hybrid mix of in-person and online meetings.

31:725:550 Self Care And Home Care – course will meet online and will be a mix of synchronous and asynchronous lectures.

31:725:540 Principles of Pharmacoeconomics – the course will meet online synchronously.

P3 Courses – Electives

31:725:576 Emergency Medicine Pharmacotherapy – this course will have a hybrid mix of online synchronous lectures with two in-person simulation sessions.

***31:725:578 Strategies In HIV Therapeutics** - The course will be offered in-person, students may attend online synchronously with pre-approval from course coordinators. Additionally, certain lectures may be completely virtual at the discretion of course coordinators.

31:725:579 Advanced Pharmacotherapy Applications - this course will meet online and will be synchronous. Students wishing to take this course, must take iPASS IV section 1, 2, 3, or 4 and will not be allowed to register for afternoon sections of iPASS.

31:725:526 Patient Advocacy And Healthcare Policy – this course will meet in-person.

***31:725:563 Gerontology Pharmacy Practice** – The course will be offered in-person, students may attend online synchronously with pre-approval from course coordinators. Additionally, certain lectures may be completely virtual at the discretion of course coordinators.

30:158:409 Pharmacogenomics And Precision Medicine Pharmacy – the course will meet in person with appropriate social distancing and mask required.

30:725:350 Motivating Change As A Health Ambassador For Diabetes Mellitus - the course will meet online and will be a mix of synchronous and asynchronous lectures. In addition, in person hands on activities will take place on specified dates following appropriate precautions.

30:725:427 Community Pharmacy Practice Management - the course will meet in person with appropriate social distancing and mask required.

30:715:451 Research Techniques In Medicinal Chemistry – the course will meet in person with appropriate social distancing and mask required.

30:725:341 Economic Modeling Of Pharmaceuticals And Other Health Interventions – the course will meet online synchronously

31:725:583 Pharmaceutical Marketing - the course will meet in person with appropriate social distancing and mask required.

* Plan modified in light of change in status.
