

June 3, 2024

Dear Class of 2030,

Congratulations on your admission to Rutgers University, and welcome to the Ernest Mario School of Pharmacy! We hope you are enjoying the remainder of your high school career and feeling excited as you begin to prepare for your first semester of college and become a member of the Rutgers community!

Like the rest of the faculty and staff at Rutgers, I would like to extend a warm welcome and offer some important information for you as you embark on this new journey as a Scarlet Knight, and more specifically a PharmD student.

As you may already be aware, the University is working together to welcome students on campus for the Fall 2024 semester; and in doing so, your health and safety remain our paramount concern. For more information on Student Health and Immunization requirements, please click [here](#). You are also encouraged to participate in Orientation experiences offered through the University. These New Student Orientation experiences are a wonderful opportunity to connect with your peers, University staff, and familiarize yourself with the Campus and all it has to offer! I encourage you to sign up for orientation, as soon as you are able. Please see information [here](#).

Additionally, all incoming students are required to take a placement exam, unless they meet one of the exemptions listed [here](#). Some of you have already taken placement exams, which is great! If you are not exempt, and have not yet taken the placement exam, I strongly advise you to do so **as soon as possible! Taking the placement exam is a crucial part of determining your math and English courses for your Fall 2024 course registration.** Please see the attached flyer from the University Placement Testing Office with more information.

To provide you with important information regarding Fall 2024 registration attached to this email is a list of Frequently Asked Questions, each with a response, that I hope you find helpful.

For any additional questions, you may email academicservices@pharmacy.rutgers.edu. Please allow 48-72hrs for a response as we are currently experiencing high volumes of emails.

Sincerely,

Dean Sclafani
Assistant Dean for Academic Services
